

Roselle School District #12 Chromebook Device Permission and Acceptable Use Form

Introduction

Chromebook devices are convenient, portable learning devices that may contain applications (or “apps”) pre-selected by our teachers. The opportunity to use these devices is a responsibility that we provide students. The District requires a parent/guardian signature before any Chromebook can be assigned to a student and/or brought home by a student.

Parent Responsibilities and Permission for District 12 Issued Devices

My child has permission to use Chromebook for educational purposes.

- I understand that it is to be used as a tool for learning and that my child will comply with District 12 Terms and Conditions for Internet Use policy which I signed upon his/her enrollment.
- I will ensure the safe and timely return of the Chromebook provided by the district within the loan period.
- I understand that I am financially responsible for any willful, malicious, or accidental damage to a District 12 issued Chromebook.
- I understand that the District reserves its right to manage content, implement security measures, change user permissions, change device settings, or take any other administrative or security steps, as deemed necessary. Any attempt to modify the device/software, including but not limited to changing Internet access settings; will be construed as a violation of the District’s policy.
- I understand that my child should not download any applications to the Chromebook without the District’s approval and permission.
- I understand that my child may lose future loan privileges of the device if the device is either continuously damaged or not returned in a timely manner.
- I understand that if the device breaks that we should not attempt to fix the device on our own and that it should be brought to the school’s attention immediately.
- I understand that the Chromebook will be connected and synced to District computers only. The device **may not** be connected to a home computer or synced with a personal content management account (For example: Apple iTunes).
- I understand that my child should only use the device for school/educational purposes.
- I understand that I will return the device and its accessories to the District immediately if my residency status changes and my child is no longer a student of the District.
- I understand that failure to return the device in a timely manner and/or the continued use of the device for non-school/educational purposes without written consent of the District may be considered unlawful appropriation of the District’s property.
- I understand that the District will not provide software or program licenses for home use.
- I understand that all internet websites will be accessible at home using the device unless we set up our own personal restrictions.
- I understand that all repairs must be reported and corrected by the Roselle D12 Technology department. Do-it-yourself repairs are not allowed.

Student Responsibilities and Permission

- I will use my learning device in the appropriate manner and only for educational purposes.
- I agree to take care of the Roselle D12 Chromebook while it is in my possession.
- I will not throw, drop, or damage the device in any way.
- I will not give the device to another person for his/her use.
- I will NOT download any applications to or create personal accounts on the Roselle D #12 issued device.
- I agree to return the District #12 issued device in good condition, fully charged and screen wiped clean at the end of the loan period.
- If my teacher elects to have students use their device at home, I agree to charge the mobile device at home and come to school with it fully charged.
- I understand that all repairs must be reported and corrected by the Roselle D12 Technology department. Do-it-yourself repairs are not allowed.
- I will be a responsible digital citizen.
