Attendance [Board Policy 7:70](#)

The parent/guardian of a student who is enrolled must authorize all absences from school and notify the school in advance or at the time of the student's absence. The parent/guardian must also provide at least one but not more than two telephone numbers at which the parent/guardian may be reached by the school regarding absence notification. Absence from school is excused for illness, death in the immediate family, family emergencies, observance of a religious holiday, other situations beyond the control of the student, other circumstances that cause reasonable concern to the parent/guardian for the student's safety or health, or other reason as approved by the Superintendent or designee.

Students who are absent from school due to observance of a religious holiday are to be given equal opportunity to make up any school work requirements, including exams, missed due to the absence. Dental and routine doctor appointments should be arranged during non-school hours and vacation days whenever possible. If it is absolutely necessary to schedule an appointment during school hours, the student is responsible for completing any missed work. The student must take the initiative to contact the teacher for the missed work and return the completed work within the limit set by the teacher. Vacations are not considered excused absences, and the teacher is not expected to prepare work and/or assignments prior to a student missing school due to a planned vacation.

Bullying Policy

Bullying [Policy 7:180](#) - Prevention of and Response to Bullying, Intimidation, and Harassment

Bullying, intimidation and harassment diminish a student's ability to learn and a school's ability to educate. Preventing students from engaging in these disruptive behaviors and providing all students equal access to a safe, non-hostile learning environment are important District goals.

Bullying on the basis of actual or perceived race, color, national origin, military status, unfavorable discharge status from the military service, sex, sexual orientation, gender identity, gender-related identity or expression, ancestry, age, religion, physical or mental disability, order of protection status, status of being homeless, or actual or potential marital or parental status, including pregnancy, association with a person or group with one or more of the aforementioned actual or perceived characteristics, or any other distinguishing characteristic is prohibited in each of the following situations:

1. During any school-sponsored education program or activity.
2. While in school, on school property, on school buses or other school vehicles, at designated school bus stops waiting for the school bus, or at school-sponsored or school-sanctioned events or activities.
3. Through the transmission of information from a school computer, a school computer network, or other similar electronic school equipment.
4. Through the transmission of information from a computer that is accessed at a nonschool-related location, activity, function, or program or from the use of technology or an electronic device that is not owned, leased, or used by a school district or school if the bullying causes a substantial disruption to the educational process or orderly operation of a school. This item (4) applies only in cases in which a school administrator or teacher receives a report that bullying through this means has occurred and it does not require a district or school to staff or monitor any nonschool-related activity, function, or program.

Definitions from Section 27-23.7 of the School Code ([105 ILCS 5/27-23.7](#))

Bullying includes cyber-bullying and means any severe or pervasive physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student or students that has or can be reasonably predicted to have the effect of one or more of the following:

1. Placing the student or students in reasonable fear of harm to the student's or students' person or property;
2. Causing a substantially detrimental effect on the student's or students' physical or mental health;
3. Substantially interfering with the student's or students' academic performance, or

Cyber-bullying includes the creation of a webpage or weblog in which the creator assumes the identity of another person or the knowing impersonation of another person as the author of posted content or messages if the creation or impersonation creates any of the effects enumerated in the definition of bullying. Cyber-bullying also includes the distribution by electronic means of a communication to more than one person or the posting of material on an electronic medium that may be accessed by one or more persons if the distribution or posting creates any of the effects enumerated in the definition of bullying.

Restorative measures means a continuum of school-based alternatives to exclusionary discipline, such as suspensions and expulsions, that: (i) are adapted to the particular needs of the school and community, (ii) contribute to maintaining school safety, (iii) protect the integrity of a positive and productive learning climate, (iv) teach students the personal and interpersonal skills they will need to be successful in school and society, (v) serve to build and restore relationships among students, families, schools, and communities, and (vi) reduce the likelihood of future disruption by balancing accountability with an understanding of students' behavioral health needs in order to keep students in school.

School personnel means persons employed by, on contract with, or who volunteer in a school district, including without limitation school and school district administrators, teachers, school guidance counselors, school social workers, school counselors, school psychologists, school nurses, cafeteria workers, custodians, bus drivers, school resource officers, and security guards.

3. Students are encouraged to immediately report bullying. A report may be made orally or in writing to the District Complaint Manager or any staff member with whom the student is comfortable speaking. Bullying Prevention

District 12 takes a proactive approach to bullying by providing direct instruction to students using the Second Step Curriculum along with other resources provided through the social worker. Expected behaviors are directly taught to students at the beginning of the year and throughout the year. Starting in 2016-2017, we will be engaging parents to a greater degree by involving them directly in the resolution/restorative conversations and meetings.

Concussions and Head Injuries

The District 12 Board of Education has adopted a policy on [Concussions and Head Injuries](#). Please note that a student may not participate in an interscholastic athletic activity during a school year until the student’s parents/guardian has signed and submitted the pre- participation acknowledgement and consent form. Additional resources and information regarding Concussion Protocols and Head Injuries will also be available on the District 12 website.

Detentions

RMS:

After school detentions are held on Tuesday and Thursday in the Detention Center, after school until 4:00 p.m. A parent signature on the Disciplinary Option Form is necessary in order for the student to remain after school and serve the detention. Parents are responsible for arranging for transportation after a detention.

Deficiency Report to Parents

RMS:

The classroom teacher sends a Deficiency Report home to parents or the Principal to indicate a particular problem the child may be having in a class. The report will indicate the class and the reason why the teacher feels the problem exists. If parents would like additional information or to discuss the Deficiency Report, they may call the school to arrange an appointment with the teacher.

Dental Examination

Students entering kindergarten, Grade 2, and Grade 6 must have a dental examination and submit proof of such examination by May 15th of each school year. The dental examination must have taken place within 18 months prior to May 15th of the school year. Parents/guardians may obtain a waiver of this requirement for students who show an undue burden or lack of access to a dentist. The Illinois Department of Public Health waiver form must accompany the notice and must be submitted by May 15th of the school year.

Disability Accommodation

District 12 will accommodate individuals with disabilities, including at parent-teacher conferences, school programs, and school board meetings. To notify the school of needed accommodations, please contact the building principal:

Roselle Middle School-[Mr. Nate Molby](#)

Spring Hills Elementary-[Ms. Karen Petelle](#)

For Board of Education meetings, please contact the Superintendent, [Dr. Mary Henderson](#)

Discipline Referrals

When a behavior cannot be appropriately managed at the classroom level (level 1), the teacher or staff member may issue a discipline referral. The referral is typically made to the principal or social worker. Discipline referrals are one form of data collected regarding student behavior and discipline. Please refer to the D12 levels one through four acts of misconduct.

Dress Code

District 12 believes that students' dress should reflect the high expectations of our schools.

Students need to demonstrate respect for self and others by dressing appropriately for school and school activities. A student's dress and grooming must not disrupt the educational environment, interfere with the maintenance of a positive learning environment, or compromise reasonable standards of health, safety, modesty and decency as determined by the administration (7:160)

The following are NOT appropriate at RMS:

Low-cut tops or bare midriffs, tank tops

Jeans, pants, shorts with holes above the knee or not worn as intended

Short shorts or a mini skirt

Bedroom slippers without a sole

Visible undergarments

Student attire and grooming should not be offensive /obscene, represent a gang or endanger health and safety. This includes tattoos and body piercings. Students not wearing appropriate clothing will be required to change. Depending on the severity of the situation, the parent/guardian will be contacted.

Students are not allowed to wear jewelry that is inappropriate in nature nor write/draw/carve on their bodies.

The area of the body to be covered by clothing is from the shoulder to mid-thigh and will remain covered when the student is seated or standing with arms extended.

In accordance with board policy 7:160, Roselle School District 12 does not prohibit hairstyles historically associated with race, ethnicity, or hair textures.

Eye Exams & Vision Screening

Incoming kindergarten students and students enrolling in school for the first time must have an eye exam by October 15th of the school year. The eye exam must be completed within one year prior to the first day of the school year when the student enters kindergarten or school for the first time in Illinois. Parents/guardians may obtain a waiver of this requirement for students who show an undue burden or lack of access to an optometrist or to a physician who performs eye examinations. The Illinois Department of Public Health waiver form is available at the school district or school office. The waiver form must be submitted by October 15th of the school year.

*Vision screening is not a substitute for a complete eye and vision evaluation by an eye doctor. Your child is not required to undergo vision screenings in District 12 if an optometrist or ophthalmologist has completed and signed a report form indicating that an examination has been administered within the previous 12 months.

Deaf, Hard of Hearing, Blind or Visually Impaired Programs

Students who are deaf, hard of hearing, blind, or visually impaired may be eligible for services through the Illinois School for the Deaf or Illinois School for the Visually Impaired. Parents/guardians should contact the schools individually for information about admission criteria. For assistance, please contact the School Nurse or Superintendent.

Directory Information

District 12 may release personally identifiable directory information regarding students to the general public, including the local media, and publish such information in a school directory, school yearbook, or similar publications. District 12 has designated the following information as directory information: the student's name, address, gender, grade level, birth date and place; his/her parents/guardians' names mailing addresses, electronic addresses, and telephone numbers; academic awards; degrees and honors received; information related to school-sponsored activities, organizations and athletics; and period of attendance in the District.

Directory information also includes photographs, videos, or digital images used for informational or news-related purposes of a student participating in a school or school- sponsored activity, organization, and athletics that have appeared in school publications. However, photographs highlighting individual faces and used for commercial purposes require prior, specific, dated, and written consent of the parent. An image on a school security videotape recording is not directory information. Further, student social security numbers or student identification or unique student identifiers are not directory information.

Parents/guardians may submit an objection to the release of any directory information by submitting a letter to the building principal or the superintendent.

CPR and AED Videos

Parents/guardians are advised that the Illinois High School Association posts videos on their website on “Hand Only CPR” and “Automated External Defibrillators”. You are encouraged to view these videos by going to: <http://www.ihsa.org/Resources.aspx>

Equal Access

District 12 provides equal access to the Boy Scouts and other designated youth groups to use its facilities in accordance with Board Policy 8:20.

Fee Policy and Waiver Procedures

Student fees are charged for each student in the District and are referred to as the Book Rental Fee on online registration. Fees for textbooks and other instructional materials are waived for students who meet the eligibility criteria for a fee waiver as described in Board Policy 4:140. If you would like to request a fee waiver, forms are available at the D12 Administrative Office. All school student fees as defined by the Illinois State Board of Education (ISBE) are waived for students who meet the eligibility criteria for a fee waiver contained in this policy. Students receiving a fee waiver are not exempt from charges for lost and damaged books, locks, materials, supplies, and equipment.

Eligibility Criteria

A student shall be eligible for a fee waiver when the student currently lives in a household that meets the same income guidelines, with the same limits based on household size, that are used for the federal free meals program.

The Superintendent or designee will give additional consideration where one or more of the following factors are present:

- Illness in the family;
- Unusual expenses such as fire, flood, storm damage, etc.;
- Unemployment;
- Emergency situations;
- When one or more of the parents/guardians are involved in a work stoppage.

Verification

The District has a process for determining a student’s eligibility for a waiver of fees in accordance with State law requirements. The Superintendent or designee may require family income verification at the time an individual applies for a fee waiver and anytime thereafter but not more often, than once every 60 calendar days. The Superintendent or designee shall not use any information from this verification process, or any independent verification process, to determine free or reduced-price meal eligibility.

If a student receiving a fee waiver is found to be no longer eligible during the school year, the Superintendent or designee will notify the student's parent/guardian and charge the student a prorated amount based upon the number of school days remaining in the school year.

Determination and Appeal

Within 30 calendar days after the receipt of a waiver request, the Superintendent or designee will mail a notice to the parent/guardian whenever a waiver request is denied. The denial notice will include: (1) the reason for the denial, (2) the process and timelines for making an appeal, and (3) a statement that the parent/guardian may reapply for a waiver any time during the school year if circumstances change. If the denial is appealed, the District will follow the procedures for the resolution of appeals as provided in the Illinois State Board of Education rule on waiver of fees.

Behavior Intervention Policies, Use of Isolated Time Out and Physical Restraint Behavioral interventions shall be used with students with disabilities to promote and strengthen desirable behaviors and reduce identified inappropriate behaviors. The District maintains a committee to develop, implement, and monitor procedures on the use of behavioral interventions for children with disabilities.

A copy of District 12's behavioral interventions policy, which, together with the regular discipline policy and physical restraint procedures, applies to the discipline of special education students, is available by contacting the District Special Education Administrator or Superintendent and is provided to any parent/guardian of a student with a disability when his/her child becomes eligible for special education services.

Athletic/Co-Curricular Activity Code of Conduct

The Athletic/Co-Curricular Code has been established for all students taking part in any athletic or co-curricular program in District 12. Participating on an athletic team and/or co-curricular activity is considered an extension of the regular school day. Participation is a privilege and carries certain expectations unique to the athletic or co-curricular setting/activity and beyond those found in the normal classroom setting. *Roselle Middle School is a member of the Northwest DuPage Valley Conference, which is a competitive conference.

Purpose

The purpose of the Code is to clarify for students, parents and faculty the basic beliefs, expectations and requirements for participation in athletic/co-curricular activities. The Code also establishes eligibility as well as participation and discipline policies.

Athletic Philosophy

Athletic teams have a focus on skill and team development. Middle school players will focus on learning the skills and rules necessary to compete well in their chosen sport(s). Playing time will be based on skills, athleticism and attendance. However, it is still the coach's decision on who plays and for how long. Try-outs and cuts may be utilized in determining a team roster.

Belief Statements

1. We believe that students should be encouraged to participate in a variety of activities, and that coaches/sponsors should try to maximize the participation of students.
2. We believe that scheduling conflicts are inevitable. Conflicts should be identified and communicated to the coach/sponsor by students and parents at the beginning of the season, to the greatest extent possible.
3. We believe that the purpose of co-curricular activities is to provide students with varied learning opportunities that emphasize cooperation, skill development, teamwork, and enhance self-esteem.
4. We believe that winning is an important component of athletics and competitions but that winning should never be placed above encouraging cooperation and experiencing a variety of activities.

Expectations

In competition and practice, students are expected to:

- Play according to the rules
- Be gracious in victory and defeat
- Control his/her emotions
- Respect the judgment of others
- Be on time and prepared

Academic Eligibility

To be eligible to try out/participate, a student may not have a failing grade in any one class, and may not have a D in two classes. *If tryouts are held within 2 weeks after the end of a grading period, the most recent trimester grade will be used to determine eligibility.

A student who is ineligible will not become eligible again until the above academic eligibility requirements are met. Students will be ineligible for one week. Eligibility periods run for a full seven (7) days, including weekends.

Throughout the athletic season, there will be a Thursday check-in with teachers regarding grades. Information will be requested concerning all participants of the current athletic season. The teachers will notify the coaches on Fridays of any students receiving D's or F's. The Athletic Director will be responsible for determining academic eligibility for the student athletes.

Athletic Participation Policy

- While the District emphasizes the inclusion of as many students as possible, playing time for each member of a team cannot be guaranteed.

Discipline Policy for Co-Curriculars

- Participation in an athletic/co-curricular activity is a privilege and carries certain expectations beyond those found in the normal classroom setting
- A co-curricular student is a student who is participating in a school sponsored event, program or competition
- The first detention an athlete receives during the season will be served on a non-game/activity day
- Any student who receives two detentions during one season will be ineligible for the next game
- Any student receiving a level 2 offense during the season will be ineligible for a minimum of one week. This ineligibility includes all practice sessions that week.
- Any student assigned to out-of-school suspension or expulsion is not eligible to participate in any school-related activities during the time of the out-of-school suspension or expulsion. In addition, a student may be excluded from an activity or lose their place on a team permanently if the coach and building administrator determines that his/her action negatively represents the team, school or district or poses a safety risk to self or others.

Concerns

Individual student or parent concerns should first be addressed with the coach. If necessary, the building principal should be contacted to assist with the concern. *Please refer to the "Parent/Coach Communication" guidelines for more detailed information.

Parent-Coach Communication Guidelines

Parents and coaches play an important role in an athlete's life. While both support and help the athlete become

the best person and player he/she can be, each has a different role. For the benefit of the athletes, it is important to establish an understanding of the roles and a positive communication mechanism.

Parents have a right to understand the expectations that are placed on their student athlete. To accomplish this, clear communication channels have been established.

Athletic Philosophy

Athletic teams have a focus on skill and team development. Middle school players will focus on learning the skills and rules necessary to compete well in their chosen sport(s). Playing time will be based on skills, athleticism and attendance. However, it is still the coach's decision on who plays and for how long. Try-outs and cuts may be utilized in determining a team roster.

Communication Parent should expect from the Coach includes:

1. Locations and times of practices and games; and
2. Discipline that results in the denial of your child's participation

Communication the Coach should expect from Parents includes:

1. All concerns addressed with the coach directly;
2. Notification of any schedule conflicts well in advance; and
3. Specific concerns in regard to a coach's philosophy and expectations

Appropriate Concerns to discuss with the Coach include:

1. Ways to help your child improve;
2. Concerns about your child; and
3. The treatment of your child, both mentally and physically

Inappropriate Concerns to discuss with the Coach include:

1. Playing time;
2. Team strategy;
3. Play calling; and
4. Other student-athlete's playing time.

When a problem or concern arises, a conference between the coach and the parent should be arranged. The purpose of the conference is to find a resolution to the concern and give all parties involved a clear understanding of the situation. To schedule a conference with the coach, please contact the school office to set an appointment. *Please do not attempt to approach the coach before or after a practice or game with a concern. Exchanges at these times tend to be rushed and emotional for both coaches and parents and often do not facilitate the best resolution. If you do not feel that your concern has been resolved following the conference, please contact the building principal for further discussion.

Discipline Philosophy

Our district takes a preventative, positive approach to discipline rather than focusing exclusively on “punishment”. We respond to misbehavior with interventions and consequences aimed at teaching alternative expected positive behaviors, understanding and addressing the root causes of the behavior, resolving conflicts, meeting students’ needs and keeping students in school. We take deliberate steps to create a positive school climate in which every student can learn, engage in rigorous curriculum, and feel safe, nurtured and included. In our district, we utilize school discipline as an opportunity for teaching/learning, repairing relationships and fostering growth among the whole school community.

We use schoolwide discipline policies developed and revised with meaningful input by stakeholders to create a positive and inclusive school climate for everyone. We are committed to applying school discipline policies and practices in a fair and equitable manner for every student.

Rights and Responsibilities

Students have the right and responsibility to:

- Be respected as an individual and treated fairly and respectfully by other students and school staff;
- Treat teachers, staff, other students, themselves and property with respect;
- Take part in all school activities on an equal basis regardless of race, religion, religious practices, sex, sexual orientation, gender, gender identity, national origin, ethnic group, political affiliation, age or disability;
- Attend school daily, be prepared for class and complete assignments to the best of their ability; and
- Be safe, respectful and responsible users of District transportation to/from school and on school-related field trips or activities.

Parents have the right and responsibility to:

- Be informed of their child’s attendance, performance and behavior concerns;
- Receive information and prompt notification of inappropriate or disruptive behaviors by their child and any disciplinary actions taken by principals or school staff;
- Assure their child brings to school only those things that are appropriate in a school setting;
- Inform school personnel of any issues that may impact the educational experiences of their child;
- Participate in decision-making processes affecting school policies and procedures such as the Parent-Teacher Advisory Committee or Board of Education meetings; and
- Participate as a member of the child’s educational team in a manner that is respectful and student-focused;
- Ensure that their child attends school regularly and on time;
- Support the Student Code of Conduct and D12 Discipline Plan

Teachers, principals and school staff have the right and responsibility to:

- Establish a sense of community in the classroom, including opportunities for members of the classroom and school community to learn about and be respectful of each other’s’ cultures;
- Be knowledgeable about federal and state laws and regulations about the disciplinary process for students with disabilities and for all students;
- Enforce the policies, rules, and regulations of the district, school, classroom, and code of conduct, including preventative and positive disciplinary policies in cooperation with students, parents/guardians, and administrators;
- Communicate policies, expectations, and concerns to students and parents/guardians, and respond to complaints or concerns from students and parents/guardians in a timely manner;
- Engage parents when their child is subject to disciplinary action by phone, in writing, or in person; and

- Seek and receive support in preventing and responding to student behaviors in a supportive manner, including classroom and behavioral management strategies

District administrators have the responsibility to:

- Provide support and professional development training to principals and school staff
- to help them support all students, including students with disabilities and other special needs, particularly in areas of classroom/behavior management and instructional supports;
- Ensure discipline policies are in compliance with civil rights laws, state and federal legislation and best practices in school discipline; and
- Monitor discipline data to identify, investigate and address any disparities between students on the basis of disability, race, gender or other student characteristics and to address unnecessary rates of school exclusion for all students

Expectations for D12 Bus Behavior

Students are expected to:

- Ride on assigned route only
- Follow all school rules while on the bus or at the bus stop
- Refrain from eating or drinking
- Remain seated until the bus has come to a complete stop
- Stay out of the roadway
- Keep hands, feet, and all body parts and property inside the bus at all times
- Not cause damage to the bus intentionally
- Refrain from using the emergency door unless in an emergency

The Superintendent, a principal, or an assistant principal is authorized to suspend a student from riding the school bus for up to 10 consecutive school days for engaging in gross disobedience or misconduct, including but not limited to, the following:

- Prohibited student conduct as defined in [Board Policy, 7:190](#), *Student Behavior*, and in this Handbook
- Willful injury or threat of injury to a bus driver or to another rider
- Willful and/or repeated defacement of the bus
- Repeated use of profanity
- Repeated willful disobedience of a directive from a bus driver or other supervisor
- Such other behavior as the Superintendent or designee deems to threaten the safe operation of the bus and/or its occupants

If a student is suspended from riding the bus for gross disobedience or misconduct on a bus, the Board may suspend the student from riding the school bus for a period in excess of 10 days for safety reasons. The District shall provide the student with notice of the gross disobedience or misconduct and an opportunity to respond.

A student suspended from riding the bus who does not have alternate transportation to school will have the opportunity to complete or make up work for equivalent academic credit. It will be the responsibility of the student's parents or guardians to notify the school that the student does not have alternate transportation.

Electronic visual and audio recordings may be used to monitor conduct and to promote and maintain a safe environment on the school bus. Students who damage the bus, including tampering with electronic recording devices on the bus, will be responsible for the cost of any necessary repairs or replacement and may be subject to discipline. The District's bus conduct policy is set forth in Board Policy 7:2

Participation, Collaboration and Complaints

Illinois law requires school districts to establish and maintain a Parent-Teacher Advisory Committee that provides advisory input on policy guidelines on student discipline. Schools are required to provide the discipline policy to students and parents before the 15th day of school each year, or within 15 days after starting classes for a student who transfers into the school district during the school year. School Boards, along with the PTAC, must review the discipline policy on an annual basis.

Our district provides structured opportunities for all stakeholders in our educational community to obtain information, help make decisions, and participate in the educational process. By stakeholders we mean: students, parents, guardians, district and school staff members, school-based mental health professionals, administrators, members of the Board of Education and community. We recognize that involvement of these various stakeholders in our educational community is essential to the success of our district and of our schools. We will strive to actively foster engagement with parents, families and community members.

In our district, we maintain an active Parent-Teacher Advisory Committee, teachers' association, student leadership structure (Student Council/Student Ambassadors) and a Parent Teacher Organization (PTO). We will strive to provide a welcoming and inclusive school environment for all families.

By law, our district cannot:

- Use zero-tolerance policies that require school staff to suspend or expel students for certain behaviors except if required by law;
- Advise or encourage students to drop out voluntarily due to behavioral or academic difficulties;
- Issue a monetary fee or fine as a disciplinary consequence, although students can be asked to pay restitution for lost, stolen or damaged property;
- Use corporal punishment

Complaints

We provide a process for stakeholders in our school community to file grievances or complaints and to make suggestions regarding this Code of Conduct. Any person wishing to file a grievance or complaint or make a suggestion may reach out to the following individuals:

Mr. Nate Molby, Roselle Middle School Principal nmolby@sd12.org
630-529-1600

Ms. Karen Petelle, Spring Hills School Principal kpetelle@sd12.org
630-529-1883

Dr. Mary Henderson, Superintendent mhenderson@sd12.org
630-529-2091

Our district investigates and responds to grievances and complaints fully and equitably, and we seek to resolve them informally where possible.

Notification & Communication

No later than the 15th day of school, or within 15 days after starting classes for a student who transfers into the school district during the school year, our district provides to parents and guardians a copy of our Student Code of Conduct & Proactive Discipline Plan. We provide this information in the following ways:

1. Email
2. Link to the plan on the D12 website
3. Print copy upon request (print copies may be requested by calling the school office at 630-529-1883 for Spring Hills School and 630-529-1600 for Roselle Middle School)

Our D12 website home page content (www.sd12.org) may be easily translated into numerous languages by doing the following:

1. Go to the homepage
2. On the right of the green toolbar click on the Google translate icon
3. Click on the arrow to select from the available languages

We clearly communicate our policies and behavioral expectations to all stakeholders by

- Displaying our positive behavioral expectations prominently in our school buildings;
- Teaching our positive behavioral expectations throughout the year to students based on a review of our data; and
- Acknowledging positive student behaviors.

Evaluation

We routinely evaluate our policies and procedures, using data, to make sure they are effective. We include advisory input from our Parent-Teacher Advisory Committee as part of our evaluation process.

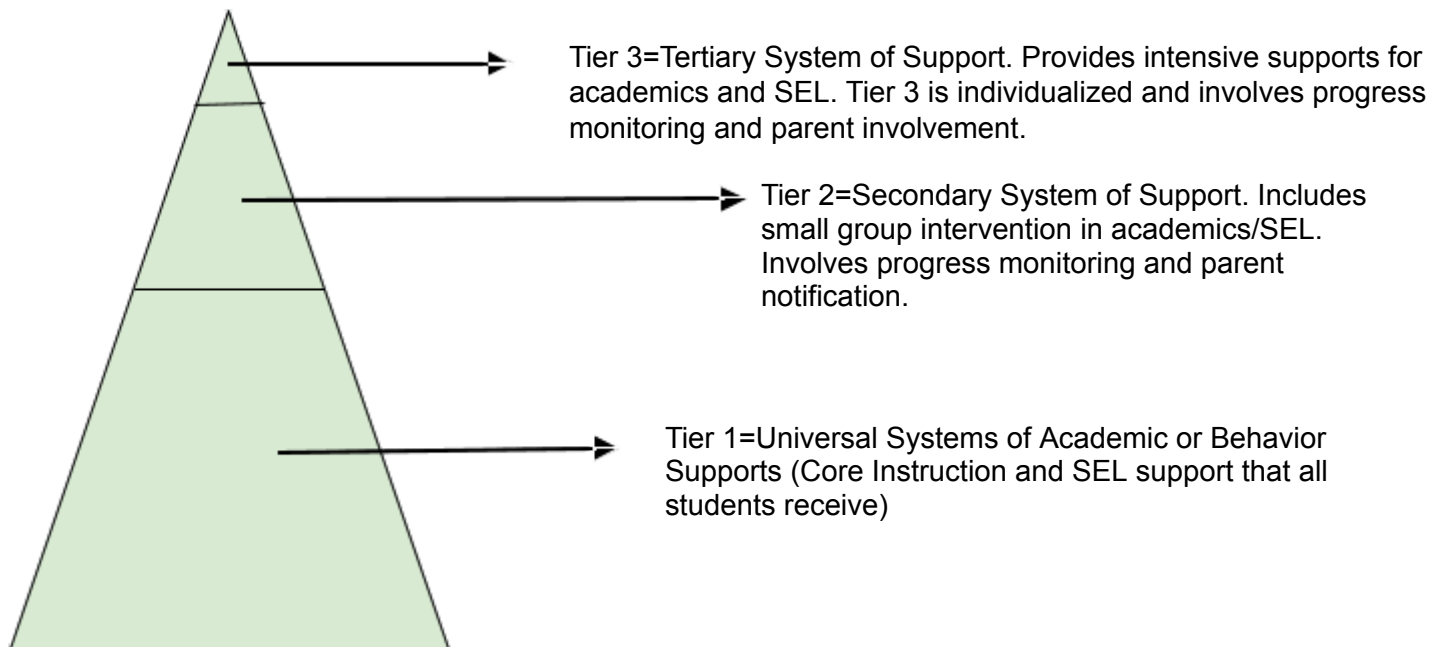

Prevention, Intervention and Disciplinary Responses

Discipline Framework

A Discipline Framework outlines how a district will apply the discipline philosophy within their existing supports and services. Districts and schools may use different frameworks to guide their support and services based on their available resources. Our framework uses the Multi-Tiered System of Support (MTSS) model. MTSS is a model that is based on scientifically-supported (research-based) practices. MTSS includes universal (school-wide) supports as well as increasing levels of support to meet the needs of students.

Within a positive framework/proactive plan for discipline, our district provides differentiated interventions and supports for students. These interventions are aimed at addressing the root causes of student behaviors and focus on teaching behaviors rather than exclusion and punishment. Challenging behaviors must be addressed in the context of a comprehensive functional analysis of the behavior along with a plan to teach and encourage positive social behaviors as well as appropriate consequences.

We offer academic, behavioral and social-emotional interventions and supports for students who demonstrate academic or behavioral needs. Our supports include school-wide positive behavior supports, social-emotional learning and restorative practices. We utilize and will continue to expand our multi-tiered system of supports and interventions:

We limit the use of exclusionary student discipline to keep students connected to school so that they are on track to be career and/or college ready. The law requires districts to assess disciplinary incidents on an individual basis; taking into consideration the circumstances of the situation by gathering and analyzing the facts objectively.

Our district recognizes that a safe, respectful and responsible school environment is necessary for our students to learn and achieve. To ensure the physical and emotional safety of all our students, our district takes bullying seriously. To access the D12 policy on bullying, please go to the following link: [Bullying Policy](#).

As part of that policy, we seek to prevent, respond to, and put an end to bullying behavior by using interventions and supports that focus on restorative practices to repair relationships. Parents are involved as

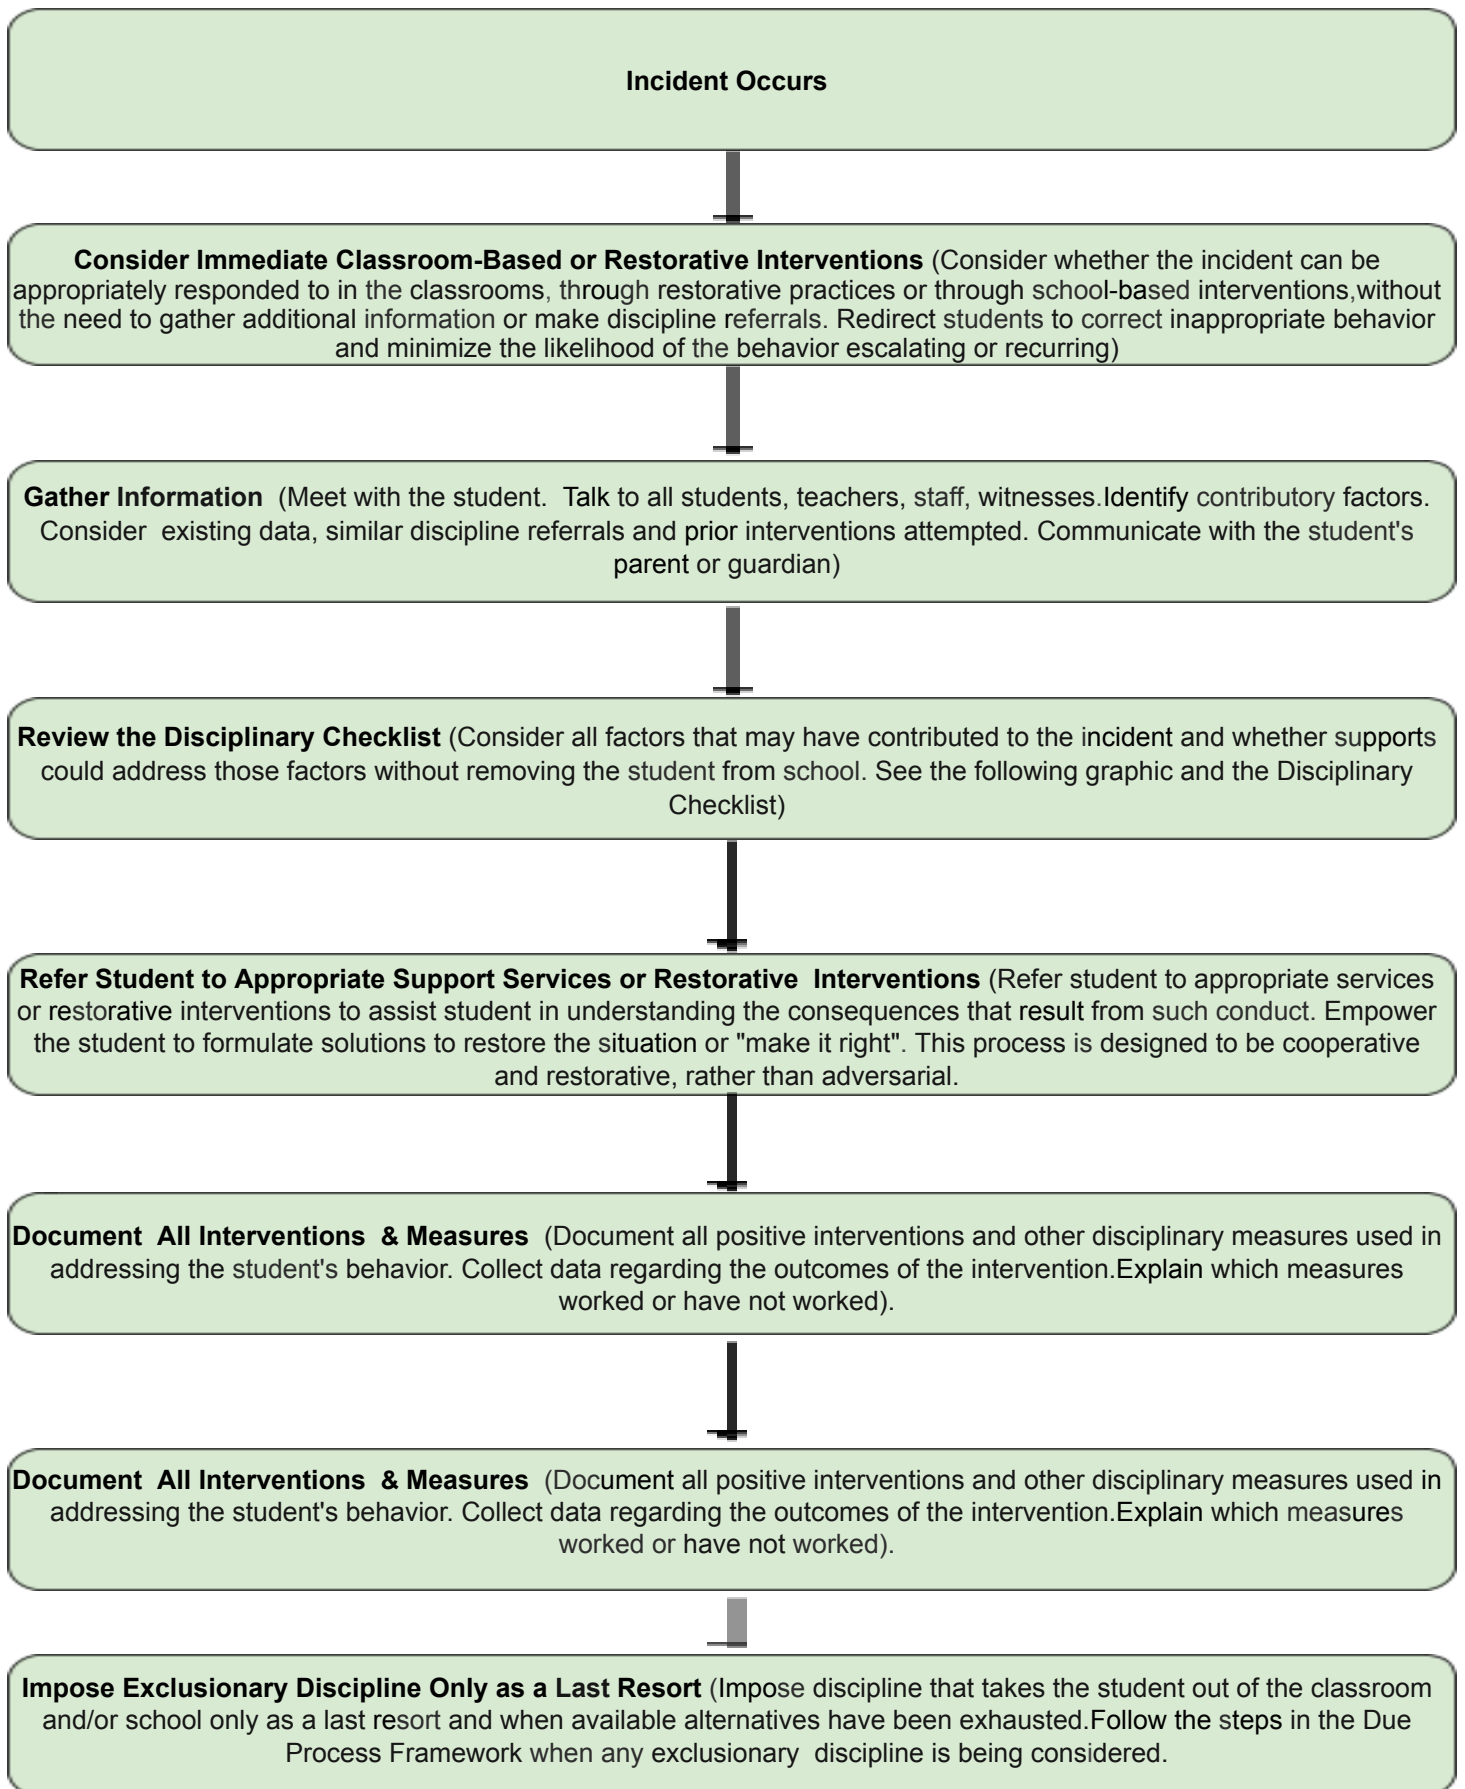

part of the restorative process. The intent of restorative practices is to educate and rehabilitate the student responsible, while fully addressing the impact of the bullying on the targeted student. Depending on the severity of the situation, outside agencies may be involved.

Process for Addressing Incidents

Our school district clearly identifies conduct that is prohibited by the Code of Conduct as well as the range of possible interventions and consequences that may result. The purpose is to enable students and their parents or guardians to understand the potential consequences that may be triggered by a student's actions. It also allows districts to respond to student misbehavior in a manner that is consistent and equitable.

Students are expected to conduct themselves in accordance with federal, state, and local laws and regulations, in accordance with District and school policies and rules, and in a way that respects the rights and safety of others. District staff will take corrective action when a student's behavior does not meet these expectations.

School officials limit the number and duration of expulsions and out-of-school suspensions to the greatest extent practicable, and, where practicable and reasonable, will consider forms of non-exclusionary discipline before using out-of-school suspensions or expulsions. Out-of-school suspensions and expulsions are to be determined on a case-by-case basis and at the discretion of school administrators, the Superintendent, or the Board of Education. Our District limits the number of days a student is removed from school to as few as possible because we believe that students should be in school and learning. We provide all students with meaningful due process prior to making a decision that results in the student being excluded from school due to out-of-school suspension or expulsion. See Board Policy 7:200, Out-of-School Suspension Procedures, and Board Policy 7:210, Expulsion Procedures. Staff, including the administrator in charge of the school and the Superintendent (in cases of possible expulsion), use the checklist below before recommending an out-of-school suspension or expulsion. Out-of-school suspensions of more than three days are to be considered only in certain situations as defined below.

Out-of-School Suspension Checklist

Is the offense eligible for out-of-school suspension? **Yes** **No**

Suspension and expulsion are prohibited for:

- Being late to school/class or being absent, or
- Violating school dress code or cell phone policies

*This behavior can be handled through in-school interventions and consequences

Would the student's continuing presence in school cause a threat to school safety or a disruption to other students' learning opportunities **Yes** **No**

Short-term out-of school suspensions are only allowed if the student's continuing presence in school would pose a threat to school safety or a disruption to other students' learning opportunities.

- School staff should be particularly mindful of this standard when imposing out of school discipline for offense categories that rely principally on staff's subjective interpretation (i.e., insubordinate behavior, defiance, disobedience or disrespect)

Long-term suspensions, expulsions and disciplinary removals to alternative schools are allowed only if the student's continuing presence in school would either:

- Pose a threat to the safety of other students, staff or members of the school community OR

Due Process & Safeguards for Students with Disabilities

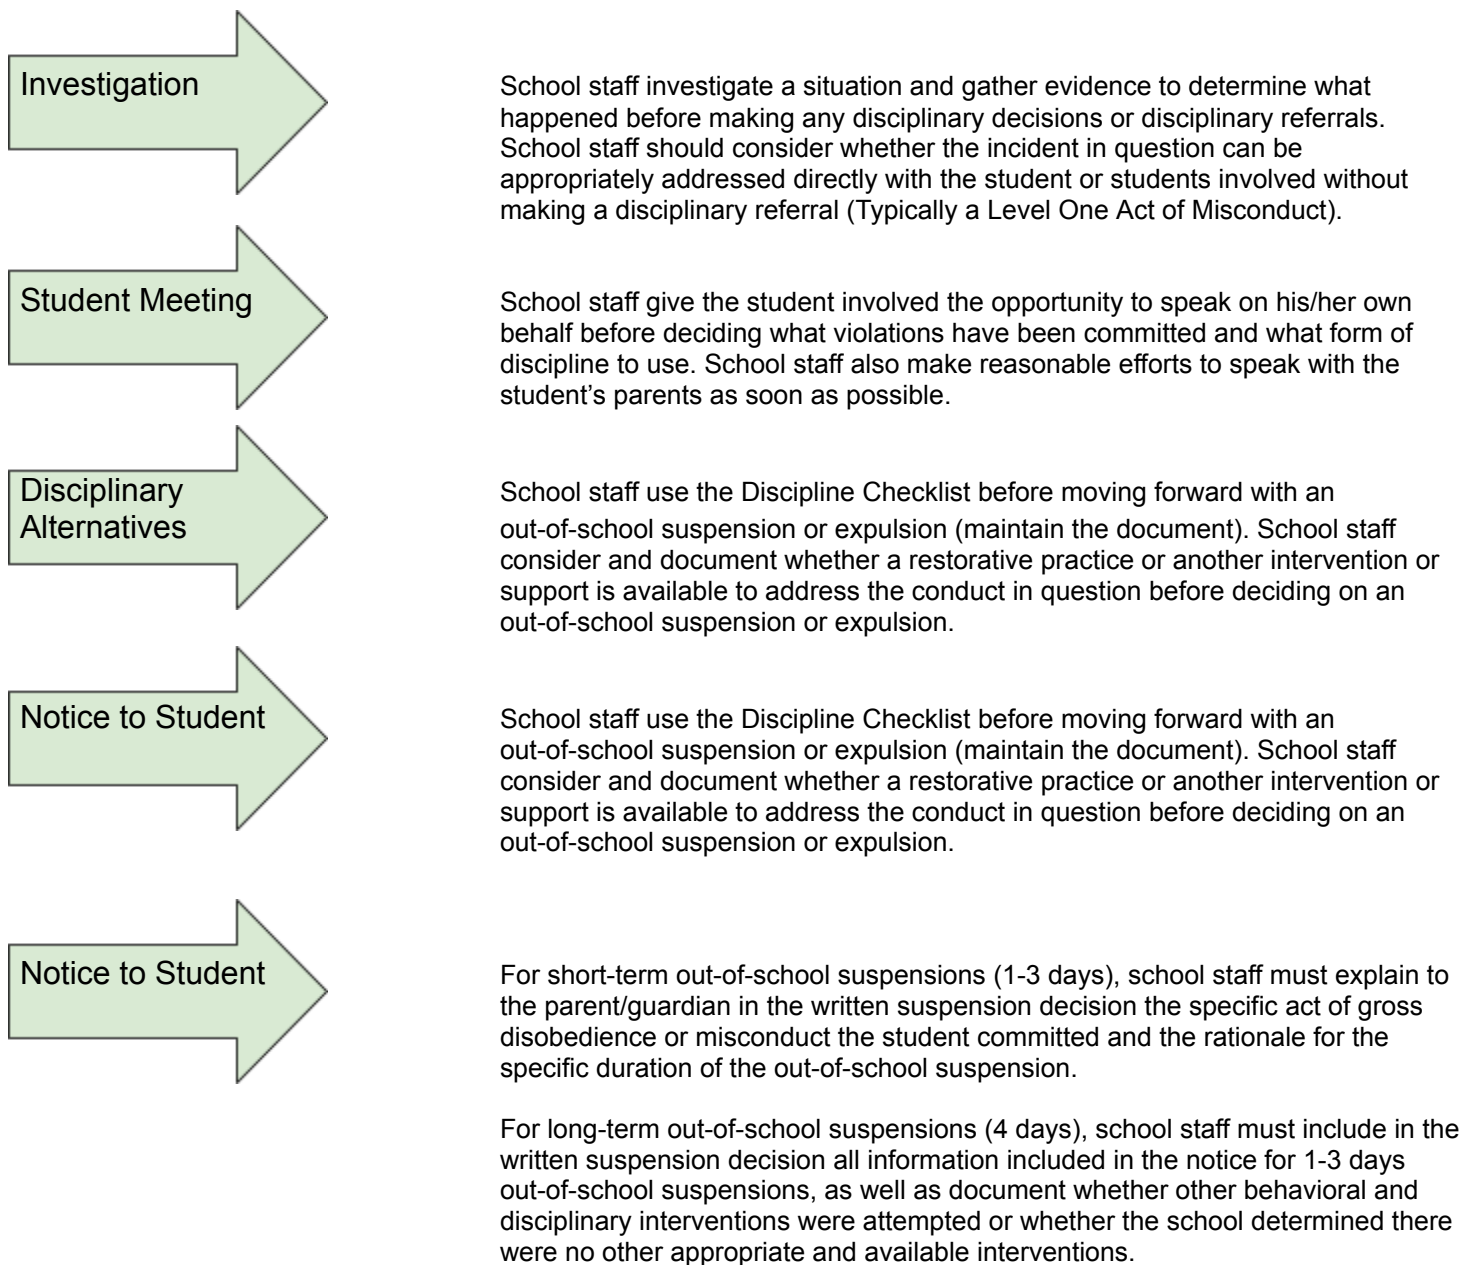

Our district implements fair, equitable and transparent due process procedures designed to give the student a full and meaningful opportunity to be heard. When out-of-school suspensions or expulsions are being considered for students with disabilities, schools must follow certain procedures to be sure that the student's rights are protected. These due process procedures are different depending on whether the student is being suspended or expelled.

Out-of-School Suspension

Students may receive an out-of-school suspension. Please refer to District 12's out-of-school suspension procedures which can be found in [Suspension Policy 7:200](#).

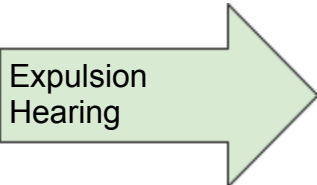

Expulsion

Students may be recommended for expulsion. Please refer to District 12's expulsion procedures which can be found in Board Policy 7:210 [Expulsion Policy](#)

For long-term out-of-school suspensions (5-10 days), school staff must include in the written suspension decision all information included in the notice for a 4-day out-of-school suspension, as well as document whether other appropriate and available support services are to be provided or whether it was determined that there are no such services for the student. The student must be provided with appropriate and available support services during their out-of-school suspension.

For all out-of-school suspensions, the student must be given a reasonable opportunity to respond to the school's charges before s/he may be suspended. The student should also be provided an opportunity to make up any missed work for equivalent academic credit and have a re- engagement plan to assist him/her in transitioning back to school after an out-of-school suspension.

Expulsion Hearing

In the case of an expulsion, the hearing must take place before the student is expelled from school. The administration may recommend a student for expulsion only if other appropriate and available behavioral and disciplinary interventions have been exhausted and the student's presence in the school poses a threat to the safety of other students, staff, or the school community or substantially disrupts, impedes, or interferes with the operation of the school. At the hearing, the student and/or parent/guardian has the opportunity to present evidence that the student did not violate the code of conduct and/or that there are mitigating factors that mean the student should not be expelled.

An expulsion hearing is held before the Board of Education or an impartial hearing officer appointed by the Board;

The student has the right to bring an advocate or attorney;

School staff must provide sufficient advance notice to enable the student's parent/guardian as well as any attorney or advocate retained by the family to attend;

All witnesses shall be required to appear and testify in person, unless the witness is a student and the district and school present evidence that testifying would endanger the student's safety. Submissions of written or recorded testimony or testimony by phone may be permitted if both parties consent;

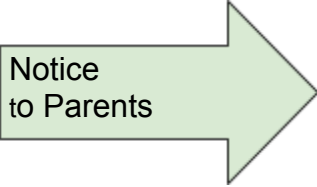

The student must be given opportunity to present witnesses or evidence and to cross-examine witnesses;

Any written hearing officer recommendation must be provided to the parent/guardian before the final decision by the Board of Education.

In the written expulsion decision, the Board must detail the specific reasons why removing the student from school is in the District's best interest, provide a rationale with respect to the specific duration of time for the expulsion, document whether other behavioral and disciplinary interventions were attempted or whether the school determined that there were no other appropriate and available interventions, and if combined with an out-of-school suspension, any additional requirements needed for the suspension depending on the length of the suspension.

The District may refer the expelled student to appropriate and available services during the time the student is expelled.

The District must develop a re-engagement plan to assist the student in transitioning back to school after an expulsion.

Notice
to Parents

School staff must provide the parent/guardian with written and oral notice of the charge, discipline and parent's/guardian's right to hearing and/or appeal. School staff should attempt to establish contact with the parent/guardian and provide at least oral notice of the out-of-school suspension prior to sending the student home prior to the end of the day.

Out-of-School Suspension Notice:

Sent via US mail and email (if one is on file) following the oral notice (typically telephone);

Explain the charges the student is facing, including the excerpt from the school code relevant to the charge, the specific act of gross disobedience or misconduct resulting in the decisions to suspend, and the rationale of how the chosen number of suspension days will address the threat or disruption posed by the student;

Include information about the Suspension Conference (to be held as soon as possible with the parent/guardian);

Include information regarding the parent's/guardian's right to a hearing and appeal;

Must be sent within 24 hours of a school decision to suspend; Provide a list of any available supports/behavioral and disciplinary interventions that had been previously provided (**for suspensions of 4 days or more cumulatively or consecutively, school staff must conduct a formal review of attempted interventions and discuss initiation of interventions not yet attempted*). *Examples of behavioral and disciplinary interventions may include PBIS, restorative justice, parent notification/involvement, detention, loss of privileges, after-school programs, incentive programs, school assemblies, in-school suspension, or other in-school alternative environments.* Describe the alternatives to out-of-school suspension that were considered and why they were rejected;

Explain the terms of the out-of-school suspension (# of days, start/end dates);

Describe any appropriate and available support services that will be available during the out-of-school suspension (5-10 days) (including process for how student will complete assignments/tests). *Examples of appropriate and available support services may include counseling or social work services, tutoring to facilitate make-up work, placement in alternative program or school, referrals to outside resources, online coursework, therapeutic recreation, wraparound services, rehabilitation counseling, community resources, in school suspension, or other in-school alternative environments;* and

Provide the parent/guardian notice of their right to review. Summary of the notice must be given to the Board by the Superintendent or designee.

Illinois law contains procedural requirements for expulsions (Public Act 99-0456).

School officials must send a registered or certified letter (return receipt requested), requesting the parent/guardian appear at a meeting of the Board or with its hearing officer to discuss their child's behavior. They must notify the parent/guardian of the time, date, place, and purpose of the meeting.

School officials should not rely solely on written reports to justify an expulsion. They must present evidence and testimony of eyewitnesses, unless there is a showing of significant risk or harm should the witness testify.

The student and his/her parent(s)/guardian(s) may be represented by counsel, offer evidence, present witnesses, cross-examine witnesses who testifies, and otherwise present reasons why the student should not be expelled.

If a hearing officer is appointed by the Board for an expulsion hearing, the hearing officer must prepare a written summary of the evidence and present it to the Board.

If the Board expels a student, a written expulsion decision must 1) detail the specific reasons why removing the student from the learning environment is in the best interest of the school, 2) include a rationale as to the specific duration of the expulsion; 3) document the other interventions attempted or whether there were no available and appropriate interventions; 4) document how the student's continuing presence in school would pose a threat to the safety of other students, staff, or members of the school community or substantially disrupt, impede, or interfere with the operation of the school; and 5) document whether available and appropriate support services were offered or provided during the suspension and, if they were not offered or provided, document that non were available.

A plan, inclusive of appropriate supports, for student re-entry to school.

Every attempt should be made to provide 10 days notice of the expulsion hearing and to send notification in the home language of the family.

Districts have the ability to refer expelled students to appropriate and available support services and transfer them to alternative schools (Regional Safe Schools Program or Alternative Learning Opportunity Programs) but are not required to do so.

Manifestation Determination Review (MDR) Requirements for Students with Disabilities

When school staff anticipate that a student with a disability may be removed from school for more than 10 cumulative days in a single year, including expulsion or change in placement:

- Staff must schedule a MDR meeting with the student's IEP team within 10 school days of the decision to discipline the student
- Staff must provide written and verbal notice to the parent/guardian of the intervention or consequence being considered and the date of the MDR meeting. The notice must include a copy of the parents Procedural Safeguards.

The student cannot be removed for more than 10 cumulative days for behavior that constitutes a pattern until the MDR has occurred. In-school suspensions count as a day of removal unless the student continues to receive all services, including related services, specified in the student's IEP. No student with a disability may be expelled if the student's particular act of gross disobedience or misconduct is a manifestation of his/her disability.

There are limited circumstances where a student with an IEP may be removed for more than 10 cumulative days without an MDR. School staff must contact the D12 Director of Student Services who will consult with legal counsel.

Procedures Following Out-of-School Suspension and Expulsion

Public Act 99-0456 (SB 100) places a number of new requirements on schools following out-of-school suspension and expulsion. In particular, the law requires that districts shall provide appropriate and available support services to students suspended longer than four days. In addition, suspended students must have the opportunity to make up work for equivalent academic credit. Districts shall also have a policy to facilitate the re-engagement of students who are suspended out-of-school, expelled, or returning from an alternative school setting. Under Illinois law, districts have the ability to refer expelled students to appropriate and available support services and transfer them to alternative schools (either Alternative Learning Opportunity Programs or Regional Safe Schools Programs), but they are not required to do so.

For more information about the DuPage County Regional Office of Education Safe Schools Program, please go to www.dupageroe.org.

In District 12, we work collaboratively with the building administrator, school social worker and any other necessary staff members to develop a re-entry/re-engagement plan (may include a Safety Plan). The plan is shared with the parent/guardian and student upon arrival at school on the first day of re-entry. *If the parent/guardian is not available to attend this meeting, school staff will offer that the parent/guardian may participate by phone. If the parent/guardian cannot participate by phone or in person, a copy of the re-entry plan will be sent to the parent/guardian by an agreed upon manner (mail, email, fax, etc.). The re-entry/re-engagement plan will include any available and appropriate resources, supports and interventions that may assist the student with being academically and behaviorally successful at school.

Data Collection and Monitoring

We utilize a process to systematically review our school and district discipline data to determine if and where disparities exist and adjust our practices accordingly. At a minimum, our discipline data is reviewed three times per year. Data is tracked to monitor discipline equity and use of exclusionary discipline and to inform our discipline practices.

Engaging in any activity, on or off campus, that interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including but not limited to, conduct that may reasonably be considered to: (a) be a threat or an attempted intimidation of a staff member; or (b) endanger the health or safety of students, staff, or school property.

For purposes of this policy, the term “possession” includes having control, custody, or care, currently or in the past, of an object or substance, including situations in which the item is: (a) on the student’s person; (b) contained in another item belonging to, or under the control of, the student, such as in the student’s clothing, backpack, or automobile; (c) in a school’s student locker, desk, or other school property; or (d) at any location on school property or at a school-sponsored event.

Efforts, including the use of early intervention and progressive discipline, shall be made to deter students, while at school or a school-related event, from engaging in aggressive behavior that may reasonably produce physical or psychological harm to someone else.

The Superintendent or designee shall ensure that the parent/guardian of a student who engages in aggressive behavior is notified of the incident. The failure to provide such notification does not limit the Board’s authority to impose discipline, including suspension or expulsion, for such behavior.

No disciplinary action shall be taken against any student that is based totally or in part on the refusal of the student’s parent/guardian to administer or consent to the administration of psychotropic or psychostimulant medication to the student.

The grounds for disciplinary action, including those described more thoroughly later in this policy, apply whenever the student’s conduct is reasonably related to school or school activities, including, but not limited to:

1. On, or within sight of, school grounds before, during, or after school hours or at any time;
2. Off school grounds at a school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school;
3. Traveling to or from school or a school activity, function, or event; or
4. Anywhere, if the conduct interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including, but not limited to, conduct that may reasonably be considered to: (a) be a threat or an attempted intimidation of a staff member; or (b) endanger the health or safety of students, staff, or school property.

Disciplinary Measures

Disciplinary measures may include:

1. Disciplinary conference.
2. Withholding of privileges.
3. Seizure of contraband
4. Suspension from school and all school activities for up to 10 days, provided that appropriate procedures are followed. A suspended student is prohibited from being on school grounds.
5. Suspension of bus riding privileges, provided that appropriate procedures are followed.

6. Expulsion from school and all school-sponsored activities and events for a definite time period not to exceed 2 calendar years, provided that the appropriate procedures are followed. An expelled student is prohibited from being on school grounds.
7. Notifying juvenile authorities or other law enforcement whenever the conduct involves illegal drugs (controlled substances), “look-alikes,” alcohol, or weapons.
8. Notifying parents/guardians.
9. Temporary removal from the classroom.
10. In-school suspension for a period not to exceed 5 school days. The Building Principal or designee shall ensure that the student is properly supervised.
11. After-school study or Saturday study provided the student’s parent/guardian has been notified. If transportation arrangements cannot be agreed upon, an alternative disciplinary measure must be used. The student must be supervised by the detaining teacher or the Building Principal or designee.
12. Community service with local public and nonprofit agencies that enhances community efforts to meet human, educational, environmental, or public safety needs. The District will not provide transportation. School administration shall use this option only as an alternative to another disciplinary measure giving the student and/or parent/guardian the choice. A student may be immediately transferred to an alternative program if the student is expelled or otherwise qualifies for the transfer under State law. The transfer shall be in the manner provided in Article 13A or 13B of the School Code.

Corporal punishment is prohibited. Corporal punishment is defined as slapping, paddling, or prolonged maintenance of students in physically painful positions, or intentional infliction of bodily harm. Corporal punishment does not include reasonable force as needed to maintain safety for students, staff, or other persons, or for the purpose of self-defense or defense of property.

School staff members shall not use isolated time out and physical restraints other than as permitted in Section 10-20.33 of the School Code, State Board of Education rules, and procedures developed by the Superintendent. Neither isolated time out nor physical restraints shall be used to discipline or punish a student.

Weapons

A student who is determined to have brought one of the following objects to school, any school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school shall be expelled for a period of at least one calendar year but not more than 2 calendar years:

1. A firearm, meaning any gun, rifle, shotgun, or weapon as defined by Section 921 of Title 18 of the United States Code ([18 U.S.C. § 921](#)), firearm as defined in Section 1.1 of the Firearm Owners Identification Card Act ([430 ILCS 65/](#)), or firearm as defined in Section 24-1 of the Criminal Code of 1961 ([720 ILCS 5/24-1](#))
2. A knife, brass knuckles, or other knuckle weapon regardless of its composition, a billy club, or any other object if used or attempted to be used to cause bodily harm, including “look alike” of any firearm as defined above.

The expulsion requirement under either paragraph 1 or 2 above may be modified by the Superintendent, and the Superintendent’s determination may be modified by the Board on a case-by-case basis. The

Superintendent or designee may grant an exception to this policy, upon the prior request of an adult supervisor, for students in theater and similar programs, whether or not school-sponsored, provided the item is not equipped, nor intended, to do bodily harm.

This policy's prohibitions concerning weapons apply regardless of whether: (1) a student is licensed to carry a concealed firearm, or (2) the Board permits visitors, who are licensed to carry a concealed firearm, to store a firearm in a locked vehicle in a school parking area.

Required Notices

A school staff member shall immediately notify the office of the Building Principal in the event that he or she: (1) observes any person in possession of a firearm on or around school grounds; however, such action may be delayed if immediate notice would endanger students under his or was involved in a drug-related incident, or (3) observes a battery committed against any staff member. Upon receiving such a report, the Building Principal or designee shall immediately notify the local law enforcement agency, State Police, and any involved student's parent/guardian. "School grounds" includes modes of transportation to school activities and any public way within 1000 feet of the school, as well as school property itself.

Delegation of Authority

Each teacher, and any other school personnel when students are under his or her charge, is authorized to impose any disciplinary measure, other than suspension, expulsion, corporal punishment, or in-school suspension, that is appropriate and in accordance with the policies and rules on student discipline. Teachers, other certificated educational employees, and other persons providing a related service for or with respect to a student, may use reasonable force as needed to maintain safety for other students, school personnel, or other persons, or for the purpose of self-defense or defense of property. Teachers may temporarily remove students from a classroom for disruptive behavior.

The Superintendent and Building Principal is authorized to impose the same disciplinary measures as teachers and may suspend students guilty of gross disobedience or misconduct from school (including all school functions) and from riding the school bus, up to 10 consecutive school days, provided the appropriate procedures are followed. The Board may suspend a student from riding the bus in excess of 10 school days for safety reasons.

Student Handbook

The Superintendent, with input from the parent advisory committee, shall prepare disciplinary rules implementing the District's disciplinary policies. These disciplinary rules shall be presented annually to the Board for its review and approval.

A student handbook, including the District disciplinary policies and rules, shall be distributed to the students' parents/guardians within 15 days of the beginning of the school year or a student's enrollment.
