

Developmental Screening

Roselle School District

Do you have concerns regarding your child's communication, motor skills, social/emotional skills, and/or academic readiness?

Please call
630-529-1883
for additional
information

For children
3 to 5
years of age

Contact **Spring Hills School** by 2/5/21 for information on this year's Developmental Screening

What is done with the results?

Results will be shared with parents and filed by the school. Children who demonstrate potential delays may be referred for a more in-depth evaluation.

With parent permission, this evaluation is free and will reveal more information about your child's area(s) of need and potential services.
